Pocket with side seam
A pocket envelope has flap on the short side

Sealing Method

Remoistenable Adhesive activated by water or solvent. Applied to seal flap of envelopes.

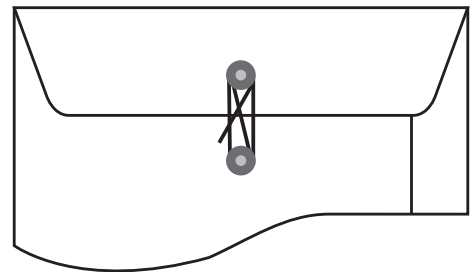

Peel & Seal (PS) Applied to the seal flap and covered by release paper; self-sealing

Quickseal (QS) Made from rubber-based material for self-seal envelopes. QS is applied to the seal flap and the back of the envelope and sticks only to itself.

Refast seal QS adhesive designed to form a lighter bond, for multiple sealing and resealing.

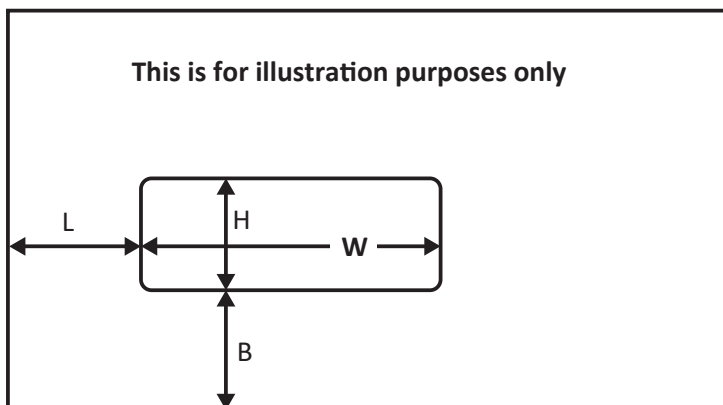

Eyelet & String Mechanical closure with a string attached to the flap and a button on the body of the envelope. Used mostly in interoffice and other reusable envelopes.
