Sealing Method

Remoistenable Adhesive activated by moisture for a permanent seal.

Peel & Seal (PS) Remove protective paper strip to reveal adhesive and press the flap down to form a seal.

Quickseal (QS) Features 2 adhesive strips on the inner flap to form an instant bond when pressed together.

Refast Seal QS adhesive designed to form a lighter bond, for multiple sealing and resealing.

Eyelet & String Reusable envelope that uses a string to tie through two eyelets for secure closure. Common uses: internal mail, filing and organising documents, storing contracts and important papers.
